

## January 2026 Program 4.0 Scripted Live Action Projects

The chart below is intended as a helpful guide. Qualified Expenditures apply to pre-production, production, and post-production – not for development, marketing, publicity, or distribution costs.

Qualified expenditures qualify for tax credits. For purchases and rentals to qualify, they must be purchased or rented and used in the state. For wages to qualify, all services must be performed in the state and must be paid directly by the production company through a payroll service or accounts payable. Qualified wages should be tagged **QW** in your total budget and non-wages should be tagged **QE**. Labor hired through a 3<sup>rd</sup> party vendor, stage or studio is considered non-wage and should be tagged **QE**.

All non-qualified expenditures should be tagged **NQ**. All out of state expenditures should be tagged **XX**. This will enable the production to calculate all qualified and non-qualified California expenditures (for reporting purposes) and exclude the non-qualified expenditures. **XX** tagging is not indicated in the chart below.

Please consult the [Budget Tagging and Tracking Tips](#) and [Program Guidelines](#) when budgeting your project. You can also access tutorials on how to tag your budget on the CFC website.

### OUT-OF-ZONE UPLIFTS

**LW ZW ZC and ZE**

If a project is shooting outside the LA Zone (“OZ”), there may be expenditures that are eligible for Uplifts.

#### The LW Tag

All projects – Indies and Non-Indies – are eligible for Uplifts for hiring crewmembers that reside and work in California outside the LA zone. These Outside-the-Zone crewmembers are designated **OZ Labor Working OZ (also called “Local Hire Labor”)** and should be tagged **LW**. This is in addition to the **QW** tag.

The **LW** Uplift may only be applied during the **Applicable Period**, which is defined as Prep, Shoot and Wrap as related to Principal Photography, 2<sup>nd</sup> Unit, and Reshoots. The **LW** Uplift does not apply to Post-Production.

During Principal Photography, OZ Labor should be tagged **LW** for the portion of the Shoot that takes place Outside the Zone. If an OZ hired crewmember works in the LA zone during the LA portion of the Shoot, that portion should not have an **LW** tag.

If an OZ Labor crewmember is prepping or wrapping outside the zone, those days can also be tagged **LW**. However, an OZ Labor crewmember that works outside the zone for a shoot taking place inside the zone, such as an Accountant working from home, does not qualify as **LW**.

OZ Labor employees must show ID (California Driver's License, State ID Card or Passport) AND one of the following: recent utility bill, mortgage payment, current home or apartment rental agreement, home internet/phone provider, apartment renter's insurance or homeowner's insurance bill. A California Driver's License alone is not sufficient to prove residency outside the zone.

In addition, the Production must show proof that the work was actually performed outside the zone during the Applicable Period. Examples include timecards denoting the county in which the work took place, production reports, call sheets, time sheets, or hotel or airline receipts. If the CPA performing the audit does not have sufficient evidence proving the work was performed out of the zone, the Uplift will not apply for that work.

The OZ Labor Uplift is worth 10% for all projects with the exception of Relocating TV.

The OZ Labor Uplift is worth 5% for Relocating TV.

### The Z Tags

Only Non-Independent projects qualify for "Z" tags. Independent projects are not eligible for **ZW**, **ZE** or **ZC**. No "Z" tags should ever appear in the budget of an Indie project.

The **ZW** tag applies to Out-of-Zone Wages for Los Angeles based crewmembers filming and working outside the zone. If a shooting day is qualified as an Out-of-Zone shoot day, then the crew working outside the LA zone may be tagged **ZW** for that day. No line in the budget should ever be tagged both **ZW** and **LW**. **ZW** is only for LA crew working out of the zone, and **LW** is only for out-of-zone crew who reside and are working out of the zone.

**ZW** for prep or wrap time only applies to the few limited situations where the production can show proof that the crewmember prepped or wrapped entirely out of the zone. A Location Manager that scouts partially out of the zone and partially in LA does not qualify **ZW** for that day. But a Location Manager that goes on distant location for prep does qualify for **ZW**.

The **ZC** tag applies to all expenditures, purchases or rentals that are made and incurred exclusively out of the zone. Examples include hotel accommodations, gas, meals if shopped and purchased outside the zone, and any equipment rented from a vendor based outside the zone that is never used inside the zone. A film shooting entirely in San Francisco that rents all its equipment in San Francisco would tag those rentals **ZC**.

100% of the **ZC** expenditures will count toward the Uplift. (See the Appendix at the end of this QEC for a list of examples of **ZC** expenditures).

The **ZE** tag applies only to expenditures, purchases or rentals made outside the zone that are used partially outside the zone and partially inside the zone. Examples of **ZE** expenditures include picture

cars purchased outside the zone used both in and out of zone, or equipment or truck rentals from a vendor outside the zone used during production both in and out of zone.

**ZE** expenditures are pro-rated by the percentage of shooting days outside the zone. So if a production shoots 40% of its schedule outside the zone, **ZE** expenditures will be subject to 40% of their total before applying the Uplift.

All qualified expenditures in the budget should have either a **QW** or a **QE** tag. Line items that are eligible for Uplifts should be double tagged with either a **QW** or a **QE** plus the appropriate additional tag. No item in the budget should ever have one of the Uplift tags alone without also having a **QW** or a **QE** tag.

## OTHER UPLIFTS & BONUS POINTS TAGS

### **NON-INDEPENDENT** (Excludes Relocating TV Series):

- VISUAL EFFECTS expenditures qualify for an additional 5% tax credit Uplift and should be tagged **VU**. **VU** expenditures for VFX also qualify for jobs ratio bonus points.
- MUSIC WAGES – Wages paid to Music scoring and track recording labor (excluding Composer and Music Supervisor) are eligible for additional Bonus Points. An **MW** tag should be added to the applicable line items. **MW** is for BONUS POINTS ONLY. There is no Uplift.

### **INDEPENDENT FILMS OVER \$10M and RELOCATING SERIES:**

- VISUAL EFFECTS expenditures qualify for Jobs Ratio bonus points and should be tagged **VU**. However, VFX expenditures (**VU**) do not qualify for an Uplift for Independent Films or Relocating TV Series.

Furthermore, VFX expenditures (**VU**) do not apply at all to Independent projects with budgets of \$10 million and under – neither for Uplifts nor for Bonus Points.

- MUSIC WAGES – Wages paid to Music scoring and track recording labor (excluding Composer and Music Supervisor) are eligible for additional Bonus Points. An **MW** tag should be added to the applicable line items. **MW** is for BONUS POINTS ONLY. There is no Uplift.

Furthermore, **MW** Wages do not apply at all to Independent projects with budgets of \$10 million and under – neither for Uplifts nor for Bonus Points.
